TREATY OF PEACE MAY BE READY TO PRESENT TO THE GERMANS WITHIN FEW DAYS

BY FRED S. FERGUSON.

Paris, March 11.—With the military terms adopted and rapid progress being made toward completion of the other provisions, it was learned today that the preliminary peace treaty may be ready to present to the Germans by March 20th.

From the greatest war maker in the world, Germany will be reduced to a military status lower than that of her smallest neighbor. She will be impotent even before Switzerland.

The conscription system will be knocked out by a 12 year enlistment requirement for the army which, it is understood, will be reduced to 100,000 men. What army she has, consequently will be purely professional. The danger of Germany having four or five million trained men within the next ten years, which would have been possible through conscription will be abolished. All guns, munitions and equipment in excess of the amount necessary for her reduced army will be surrendered. It is understood also that the notorious general staff will be wiped out.

If any attempt is made to carry out the threat to refuse acceptance of the peace treaty and throw the country into chaos if the terms are too harsh, Germany will find the allies presenting a firm front.

The choice in such a case probably lies between occupation of Germany and continuation of the blockade, letting the enemy starve until they are ready to sign.

Considering the comparative contentment in the present occupied portions of Germany, the latter course is considered more likely.

Under present terms, the treaty will be handed to the Germans at

Versailles immediately after their arrival there. The enemy delegates will then be allowed to return to Berlin or Weimar for consultation with their government, afterwards coming back to Versailles for the formal signing. That Count Bernstorff will not be a member of the German delegation appeared certain today as the allies have taken action to make clear that he would not be welcome.

The move of the supreme war council in abolishing conscription in Germany was accepted as probably meaning the death blow to that system throughout the world. Under present conditions in other European countries, it was believed this was the only interpretation which could be applied to the council's action.

Although other nations, such as France and Italy, may retain conscription for the present, it appeared likely that the future will bring general changes. The difficulty attending the conscription question in Great Britain, was made obvious by the trouble encountered by Premier Lloyd-George since extension of the conscription law. France, at present has a three year conscription service term, but with the German menace removed and no big army threatening or likely to be able to threaten her, the action of the war council was expected to influence her as well as other countries, on the principle that compulsory military service, never being welcome, would be even less attractive with no incentive.

Such a development, it is accepted, will permit rapid scaling down of armies under the league of nations plan and will mean a long step toward international disarmament.

RAILROAD MEN MEET WITH THE RAIL DIRECTOR

Washington, March 11.—Director General Hines, of the railroad administration today is working with railroad officials to the end of adjusting the financial trouble of the roads, resulting from failure of congress to pass a \$750,000,000 appropriation. Twenty five men, a majority of them railroad officials and including representatives of the war finance corporation and the advisory board of the railroads, went into conference with Hines at 10 o'clock this morning. The meeting was behind closed doors.

NO DISORDER HAS DEVELOPED IN BUFFALO, N. Y.

Buffalo, N. Y., March 11.—Despite rumors of trouble among the unemployed of Buffalo, there were no demonstrations today.

Mayor Buck believes the situation can be handled by local authorities. It was at first reported that state troops would be rushed here, an outbreak being feared.

"I decided that the police department was fully able to cope with the situation and that it was not necessary to employ state troops," said the mayor today.

Adjutant General Berry said that in case it was necessary, he could mobilize and have 15,000 troops in Buffalo within 24 hours.

Several arrests have been made of youths who have been distributing handbills without a permit. The handbills, it is alleged, were Russian Soviet propaganda, one sentence reading: "This red flag flies over Central Europe for universal brotherhood."

Martin Behrley, Socialist organizer and others who had planned to have a parade of unemployed yesterday, would make no statement today.

FIGHTING RAINBOW DIVISION IS EXPECTED BACK IN U. S. IN MAY

The 42nd (Rainbow) division, probably will be back on American shores early in May, war department officials said today.

It is the last of the divisions scheduled for sailing from France in April. Unless there is a change in plans, therefore, it will reach America too late to participate in the victory loan drive.

Nevertheless, owing to its record in some of the bitterest fighting on the west front the war department will allow relaxation of the usual plans for

INCOME TAX RETURNS MUST BE IN COLLECTORS HANDS MCH. 15

Saturday is positively the last day to make your income tax return.

The local county collectors, F. C. Sommers and H. A. Higgins, who for the last week have been visiting the various villages of the county, will be at their office on the second floor of the government building, on East Main street, this city Thursday, Friday and Saturday, March 13, 14 and 15.

They will be there each of those days and nights as long as there is anybody there to be served, and the office will be open as late as midnight if necessary.

All payments and returns due on March 15 under the provisions of the new revenue law, must be in the hands of the local collectors on that date.

The laggards and the dodgers will face severe fines and jail sentences. The Internal Revenue Bureau has announced that its officers will check all up to see that every person who comes within the scope of the income tax law does his or her share.

GERMANY SHOULD BE BARRED FROM LEAGUE SAYS BURTON

New York, March 11.—Germany should be barred from the league of nations and the government should not interfere with the infliction of just severe penalties upon that country, Theodore E. Burton, former U. S. senator from Ohio and president of the League of Nations Union, declared in an address before the Canadian club here.

UNHURT IN 30 FOOT JUMP.

Philadelphia, March 11.—Clara Bahr, aged 4, believed she was an airplane and leaped from the third story window.

Her drop of 30 feet found her unhurt and she hid to escape the wrath of her mother.

ARMENIAN REFUGEES ARRIVING IN U. S. TELL OF ATROCITIES

Refugees from Harpoot, Armenia, on arrival at San Francisco.

The above group of Armenians which arrived in the U. S. recently is composed of the most prosperous families of Harpoot. They fled from their homes to escape

the atrocities of the Turks. Their spokesman is Sooren Darkasparian, a nineteen-year-old boy. He is the second from the right in the picture. He tells how he saw his entire family slain by the Turks

at Kassig, near Harpoot. He tells of seeing 10,000 Armenians massacred and thrown into Lake Kalknak. Other refugees will follow this group and will be distributed in Chicago and Boston.

EUGENE DEBS MUST SERVE HIS SENTENCE

Cleveland, March 11.—As soon as the supreme court mandate, affirming conviction of Eugene V. Debs, is received here, Debs' bondsmen will be ordered to bring him in and then he will be taken to the Moundsville, W. Va., Federal Prison, Ed. S. Wertz, federal district attorney, said today.

Debs, former socialist candidate for president, was tried in Cleveland, on a charge of violating the espionage law by a speech made last summer at Canton, Ohio. He was convicted and sentenced to 10 years imprisonment.

Wertz today said Debs must serve one third of his term before he can make application for parole.

Debs will retain his freedom until the court mandate is received and certified. He is scheduled to deliver a farewell address here tonight.

AUSTRIA'S PRESS MADE MONEY FAST

Prague, Czechoslovakia, Feb. 5.—(By Mail.)—Austria's flighty war finances have made the world wonder, but they were simple after all, as after-the-war stories reveal. The Hapsburg regime just "made money" to fight the war.

The Czechoslovak minister of finance vouches for the truth of the following enlightening explanations of how Austria's treasury kept supplied, though taxes in the dual monarchy were less during the war than in peace time, according to Minister Rasin.

One of the best Vienna financial schemes was a very intricate and speedy machine for printing war notes, which of course were the only money used in the Hapsburg empire during the war. Silver was unseen, and gold unheard of.

This elaborate and fast printing machine was in a public building in Vienna, and when the revolution broke and shooting took place outside the building, the employees in charge of the money machine fled in a hurry. Electrically operated the machine continued to run, and no one knew how to stop it.

It printed enormous quantities of new notes, according to the Czechoslovak minister, before someone finally stopped it by throwing a wrench into the mechanism.

Another Austrian financial ruse was to offer soldiers five days' permission for a hundred crown subscription to the war loan. This succeeded in stimulating investments to such an extent in the army that the offer had to be withdrawn.

Due to the shaky war finances, the crown is so low in value today that it is almost valueless as exchange except for people going into the dual monarchy's area. A dollar will buy more than 20 crowns inside Austria. The actual value of a crown is estimated as low as three cents, but it is exchanged at higher value.

EIGHT CASES OF FLU IN SINGLE FAMILY

Kent, Ohio, March 11.—Eight cases of influenza were reported today in the family of Monte Leone.

ROBBED THE COP.

Hammond, Ind., March 11.—John Eckstein was a utility cop. Yesterday they robbed him right on Main street. Today he is a private citizen.

INTERVENTION BY FEDERAL OFFICERS MAY BE NECESSARY

New York, Mar. 11.—Federal intervention is looked upon today as the only means of settling the harbor boatmen's strike, following breaking off of negotiations between strikers and private boat owners. Neither side will yield a point on the eight-hour day issue.

According to John F. Riley, president of the International Longshoremen's Union, 20,000 men in that organization will remain idle rather than handle freight brought in by ships carrying non-union crews.

The first reverse suffered by the Unions came last night when operatives of the Union Ferry company, returned to work. On the other hand the marine workers affiliation is again threatening to call out men on certain railroad administration boats unless these lines cease to do business with Bush Terminal and other corporations which have not come to terms with the strikers.

HAVANA EDITOR SEES DANGER AHEAD IN PARIS

New York, March 11.—"It must be confessed at this moment that we do not know whether we are writing another chapter in the history of the war, or its last page."

This view of the possibilities of the peace conference and of the international friction that may develop among the victorious powers is expressed by Oreste Ferrara, Cuban jurist and editor, in his new book, "Lessons of the War and the Peace Conference." Ferrara is professor of public law in the University of Havana, and editor of El Heraldillo, a powerful Havana daily.

The Cuban writer sees grave dangers in the discussions of commercial freedom that must arise at the conference. This question he describes as a "rock for the League of Nations to split upon."

"Although theoretically all are strongly in favor of the greatest commercial freedom, we fear that, carried to an extreme point, there will be much division of mind upon the subject," says Ferrara. "The idea is evidently unfavorable in the United States—'Dollar Diplomacy' is not yet dead in the United States.—No attention has been paid by the (Republican) party to the vigorous and convincing speech of ex-President Taft."

The book was translated and prepared for its American editor by Leopold Grahame, the well known writer on international topics.

SERVES YEAR IN JAIL TO SAVE WOMAN

Detroit, March 11.—John S. Guild served one year in prison to save his second wife from disgrace. Today he married the second woman a second time. Believing himself deserted and divorced by his first wife, Guild married again, only to be arrested a year later by Mrs. Guild, No. 1, for bigamy.

Rather than humiliate the second woman by having her plead for him, he went to jail.

KEELEY INSTITUTE QUILTS.

Marion, Ind., March 11.—With only memories of other days to haunt it, the Keeley Institute here was sold. No business since prohibition effective.

THREATS MADE AGAINST TWO PROSECUTORS

Cleveland, O., March 11.—Threats have been made against Special Prosecutors William L. Day and W. D. Wilkin, who are conducting the state investigation of crime conditions here, it became known today. They are alleged to have been made in an effort to prevent a man from testifying.

According to Assistant Prosecutor O'Connell the man is "notorious in view of the fact that he has been connected with many crimes."

It was intimated that some "higher ups" probably prompted the threats in the hope of stopping the prosecutors. The prospective witness will be interrogated within a few days, it was said.

The Cleveland Bar association today named a committee to investigate the activities of 10 lawyers, with full power to bring disbarment proceedings.

ONE MAN DEAD OF MYSTERIOUS ILLNESS

Chicago, March 11.—The first fatality among fifteen cases of illness resembling sleeping sickness was reported here today. The death certificate of Joseph Feldman gave the cause of death as "lethargic encephalitis."

Fifteen cases of the mysterious disease have been reported in Chicago. One arousing special interest was that of Miss Lydia Gray, Evanston, in a comatose state for the last 18 days. A consultation was to be held over her today.

John Dill Robertson, health commissioner said fifty percent of the physicians who had seen the new ailment believed it a form of infantile paralysis.

The real sleeping sickness exists only in Africa since the fly carrying the disease can live no where but there. Another proof that it is not sleeping sickness is that the disease is always fatal while recoveries from "lethargic encephalitis" are the rule," Robertson said.

FEATHERWEIGHT KING KILBANE IS DEFEATED

Philadelphia, March 11.—Featherweight King Kilbane entered the Olympia Ring last night, acclaimed a popular champion, but left amid the jeers of the crowd—sadly disappointed in his "come back" attempt by Frankie Brown, New York.

Kilbane's crown rocked in the third when the Gothamite scored a clean knock-down. Kilbane carried much excess weight and appeared to have lost his hitting power.

PERSONS CARRYING ARMS TO BE SHOT

Basle, March 11.—War Minister Noske issued an order Sunday to the effect that any one seen carrying arms, except government troops, would be shot immediately, according to a dispatch received today.

As a result of this order it is said that three Spartacists were shot by government forces. In retaliation, Spartacists shot three loyal soldiers.

FRENCH ARMY IS NOT HARSH TO GERMANS

Mayence, March 11.—There is no friction between the Germans and the French in the occupied enemy territory. This is the largest city the French army occupies, and, with the exception of a hard look or two, the Germans show no resentment here.

The French are strict, but they do not rub in the fact that they are conquerors. Swanking with them is unknown, while the more respect the Germans show for the law the fewer are the restrictions.

"It is like this," explained Major Deville, commandant at Kaiserslautern. We early came to the conclusion that if we posted a notice containing prohibitions implicit obedience to the edict must be demanded. The Germans have been ruled by the iron hand so long that they regard as an exhibition of weakness any permission to sidestep a rule. Then, too, it was necessary to be strict, not only to protect the people and the army, but to convince the Germans that they are not allowing us to stay here merely on sufferance because they had decided not to wage war any longer (as some of them believe, but they really are a conquered people). If we are not strict and severe the regard us as soft. Our only thought, however, is to rule justly, and if in habitants behave themselves their privileges are extended."

The major then gave some illustrations.

At the beginning of the French occupation all telephoning was prohibited, except for certain administrative or industrial necessities, the reason being that the phone was a convenient way to communicate information. Recently, this ruling has been modified to authorize use of the telephone within limits of certain cities.

At the beginning of the occupation there was the strictest censorship over letters, which has been much liberalized. Then, too, there have been changes in what the people regard as the most irksome of all regulations, the "ringing of the curfew" at 8 o'clock at night. In some places the French have added a couple of hours so that the populace can visit the opera, concerts, theater amovies.

Strict censorship of the press continues and nothing can be published which reflects upon or criticizes the French army, government or any of the allies. Public meetings cannot be held without authorization from the commandant, the single exception being church services. No watch is kept on the clergy. French army officers and soldiers have considerably surprised the Germans by going to church, proving to them that they are not irreligious. In Kaiserlautern the townspeople are growing familiar with the spectacle of the curfew's coming General Fayolle at the door of the church every Sunday morning.

German policemen continue to perform their duties under the new regime, costumes being the same, but wearing a brassard about the arm. An exception has been made of some of the higher police officials, howe who were found impregnated by Kaiserism. They were given the sabbath by the French. German officials can not sign decrees. If new regulations are necessary, they must be approved by the French commandant, who is sues them in his own name.

No trouble is experienced with mayors of cities of less than 25,000 where the people elect these functionaries, but not so much can be said regarding burmesters in the larger cities, as the French have often found them still playing the game of imperial politics.

Germans are paying close attention to the work of the French commissions working in conjunction with the army.

When the French come they announce they would continue existing institutions and administration as far as possible, subject to the higher authority of the army commandant. The French brought in the commissions, which are composed of men learned in finance, industry, law, history and engineering. Each army of occupation has a commission, while there are commissions of lesser importance in many other places.

DECLARE STRIKE OVER

Zurich, March 11.—The Wolff Bureau, the semi-official German news agency, announced today that the strike is ended in central Germany, but said a state of siege has again been proclaimed in Dusseldorf and Silesia.

BUSINESS WOMAN GETS NO ALIMONY

Chicago, March 11.—No alimony for the business woman. This was the decision handed down by the circuit court of appeals here in the case of Mrs. H. J. Jackson, business woman, who had sued for separate maintenance and alimony from Dr. Clarence Jackson.

"Disatisfaction with married life and a chance to better herself financially are not sufficient grounds for maintenance," said the court.

St. Louis, March 11.—Police auto squad went out to hunt auto bandits. It came in today without the car. It had met the bandits.

FOOD PRICES TO DROP WITHIN THREE MONTHS

Washington, March 11.—Prices on most of the basic commodities, including food, will be brought down within sixty to ninety days, George N. Peek, chairman of the new industrial board of the commerce department, predicted today.

The new board plans to call representatives of each of the industries to Washington, agree with them on price schedules that will be fair and relieve the business stagnation. Then the board will recommend these prices to the public.

Steel men will submit their schedules of after the war prices tomorrow and they will be followed by brick, cement, fuel, lumber and textiles, probably in the order named.

"The board hopes to establish price schedules that will stand until the normal law of supply and demand can take effect again," Peek said.

"Our whole aim is to establish prices that will establish confidence enough to relieve the present business stagnation and send us into what all agree will be an era of prosperity."

One of the things the board intends to do is to talk lower prices at all times, members said today. They were frank in their criticism of the policy of some government agencies in predicting much higher figures for some commodities.

The statement of the food administration that pork will go much higher with the discontinuance of the \$17.50 price has immediately brought an increased hog price, with more pork in storage in the country today than ever before, one member declared. Herbert Hoover's statement predicting \$3.50 wheat was followed by a boost on the Chicago grain market yesterday, he added.

Efforts of the board will also be directed toward removing some irregularities in the price schedules of the various industries. For instance, while the average increase of steel and its products is about 115 per cent, over pre-war prices, building hardware has increased 180 per cent. Efforts will be made to bring all down to a fair level.

The steel outlook would be brighter if congress had voted the \$750,000,000 fund for the railroads. Chairman Peek said today. Thirty five per cent. of all the steel production is normally taken by the railroads. He believes, however, money can be obtained to make a large portion of these purchases, through plans of Director General Hines.

Complete co-operation between the board and the railroad administration has been promised and this may mean that some of the high freight rates will be lowered, particularly in building and road materials as requested by the recent conference of governors and mayors.

Prices of the board show that food has gone up 105 per cent. over the pre-war figure, with milk and eggs showing the highest increase. Building materials average a 100 per cent. increase.

DANGER TO THE PARTY IS SEEN BY WM. H. TAFT

BY ROBERT J. BENDER

Washington, Mar. 11.—Republican supporters of the league of nations, headed by Ex-President H. Taft, are warning G. O. P. opponents of the Wilson covenant against a too rigid stand, lest they endanger the party.

It is now generally admitted that when the peace treaty comes back from France, the league of nations will be part and parcel of it. The whole work of drafting the treaty in Paris has been built on the promise of a league of nations and practically every article in some way is applicable under league rules.

Hence, if the treaty when completed failed of ratification in a republican senate because the league of nations was a part of it, the whole work of drafting the treaty would have to be done all over again, and in the meantime the treaty would remain ineffective and a state of war would continue, as now.

The party responsible for holding up ratification of the treaty would undoubtedly be charged thereafter by the opposing party with having prolonged the war. It may be that President Wilson had this situation in mind when he stated in New York that the league should not be a party issue and that no party in the end would care to oppose it.

At any rate, Taft, seeing the danger in a too inelastic stand by G. O. P. opponents of the league, has warned them against making the issue a party one.

Taft's move and the difference of opinion existing in both parties have created the belief here that there is possibility in 1920, if the peace treaty is not ratified, of the electorate shifting into a new alignment—those for and those opposed to ratification of the league. The fight would then be with the issue of moderate internationalism as opposed to a strict nationalism.

In this connection there are now strong organizations backing both the elements favoring and opposing the league, each organization determined to carry the fight to the finish.

LOCAL ITEMS

The first of a series of special Wednesday evening sermons in the First Reformed church, Wednesday evening at 7:30 p. m. Every member of the congregation, and each friend of the work is especially desired to be present. These services are preparatory to the week of meetings under the direction of Rev. George E. Guile, which will be held April 13-20th.

Rev. Beck will preach at the Wednesday evening prayer service this week in the Reformed church. This service will be held in the auditorium of the church. A special sermon to church members. Be much in prayer for these services.

The Central Literary Club will hold its regular meeting at the Old Town School, Friday evening, March 14, at 7:30 p. m. A very interesting program is being arranged. Everybody welcome.

Little Loretta Mae Stewart, daughter of Mrs. Roy Stewart, is seriously ill at her home on Church and Mechanic street.

W. N. Douglass, the real estate man has sold the Walton Hotel property in Spring Valley to Miss Nora Henton. Dr. Vandeman has rented the property and will use it for his office and sanatorium. He will take possession at once.

Douglas Custis protects "LIFE."

Loise Ruth McCoy of South Gallop street, has returned home after a pleasant visit with her uncle and aunt, Mr. and Mrs. Will Whyte of Dayton.

Hear Corolla-Bonelli soprano and baritone with violinist and pianist at First Methodist church tonight, Tuesday the 8th.

Mr. Hart having recently heard the artists of the Star Course due at First Methodist Church, Xenia, tonight, writes his family to not fail to hear this great concert.

Mr. and Mrs. Harper Hartsook south of town entertained at Sunday dinner several relatives, in honor of their daughter, Wanda's thirteenth birthday.

The prayer meeting at Trinity Church Wednesday evening will be of unusual interest. Miss Margaret Hess, a missionary in Korea, will be present to speak and Miss Glenna Barrows and Miss Pauline Chatfield will sing.

Miss Glenna Barrows will entertain a company of friends at her home on East Second street.

GET IT AT DONGES. adv

R. A. Higgins, of the Gazette and Republican, is confined to his house suffering from a cold and severe sore throat.

Miss Frances Bigger is the owner of a handsome new enclosed Franklin automobile. Steele Poague is also driving a new Franklin car.

The damage suit of Robert M. Oglesbee against H. E. Schmidt, which was set for trial Tuesday, was continued until next Tuesday, March 18.

A marriage license was issued Tuesday morning to Elwood B. Thomas, 26, and Gertrude Hess, 24, both of Bellbrook.

Dr. D. D. Dodds left Monday for Pittsburgh, Pa., where he will attend the United Presbyterian and Presbyterian Conference. He will also visit friends while there.

Mrs. Ralph Anderson and her little son, Ralph, Jr., of Pittsburgh, who have been spending several weeks here visiting relatives, started for their home, Tuesday morning. Mrs. Anderson's sister, Mrs. Cartwright, of Dayton, accompanied them.

MR. AND MRS. BORING ENTERTAIN CLUB

Mr. and Mrs. W. E. Boring entertained the members of their fortnightly card club Monday evening at their home on West Second street. There were four tables of five hundred, and the appointments were significant of the nearness of St. Patrick's Day. The flowers were green and white, and the refreshment course carried out the same effect. Sandwiches were cut in the shape of shamrocks, and the ice cream was in green and white.

SAYS HE CAN LICK WEIGHT IN WILD CATS

Seymore Chance of 36 Center street has received word from his brother, Charley, from overseas, in which he states that he is all right and that he can whip his weight in wild cats. He says it is four below zero where he is stationed and that there is six inches of snow.

SUFFERED FOR EIGHT YEARS
Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work." Sayre & Hemphill.

WEATHER REPORT

Fair tonight and Wednesday, not much change in temperature.

NOTICES

Copy for notices to appear in this column must be furnished before 10 a. m. of day of publication.

The Rebekahs will sew on Thursday at the Red Cross rooms. All are urged to come out.

The thimble party of Pythian Sisters will be held at the home of Mrs. Clem Henrie, N. Detroit street, Thursday afternoon, March 13th.

The degree staff of Pride of Xenia Council 140 D. of A. please be present Thursday evening for team practice.

The Pocahontas thimble club will meet at the Red Men's hall Wednesday afternoon at two o'clock. All members are urged to be present. Sec.

The Ladies Aid Society of the Lutheran Church will meet Thursday afternoon at the home of Mrs. Witham, 120 Cincinnati Ave. Let every member be present and bring thimbles, needles and thread.

Regular meeting Ivanhoe Lodge No. 56 K. of P. Wednesday evening, March 12th, 7:30 p. m. A. J. Taylor, C. C.

Regular meeting of Xenia Grange No. 1788, will meet at K. of P. hall, Thursday evening, March 13, at 7:30 sharp. Let every member be present. Business of importance. Sec.

M. L. FINNELL LEAVES ESTATE OF \$200,000

Michael L. Finnell, of Osborn, prominent local man, banker and grain merchant, who died last week, left an estate valued at \$200,000, which is all in personal property, according to the estimate given in probate court Monday afternoon when letters of administration were issued to his widow, Mrs. Attie Tranchant Finnell.

Mr. Finnell left no will. He owned no real estate, having disposed of all his realty including his mill and his home, to the Miami Conservancy District some time ago.

H. M. Allen, Fred Diefenbach and Frank A. Marchant were appointed appraisers of the estate by the probate court.

REV. ERNEST EVANS VISITOR IN XENIA

The Rev. Ernest N. Evans of Kansas City, former pastor of the First Reformed church, was greeted warmly by the few Xenia friends who were fortunate enough to meet him when he stopped off in Xenia for a short time between trains Tuesday forenoon. Rev. Evans was on his way from Philadelphia, where he was in attendance at the General Synod of the Reformed church. He speaks in Dayton at the Reformed seminary Tuesday afternoon, and from there will return home.

GIVE 'EM WATER.
Columbus, March 11—"A long dry spell is expected," reads a resolution adopted by city council, authorizing the service director to ascertain cost of 20 drinking fountains with ice-cooling systems to be placed in city parks.

Let us tell you about our free sale bill proposition. Call at this office.

CASCO-2 1/2 in. CLYDE-2 1/2 in. ARROW COLLARS. CLETT, PEARCE & CO., Inc. MAKERS

Mch 19—H. C. Seifert, Ex.
Mch 22—Ethel Finley Tucker.
Mch 25—Jesse Haines Estate.
Mar. 26—F. P. Eyman Estate.

WILL FIGHT THE SCHMIDT AWNING CASE TO FINISH

Judging from present indications the Schmidt awning case will be fought out to a finish. Monday night a meeting of the city commissioners with attorneys representing Mr. Schmidt was held at which time it was expected that the difficulty over the awning ordinances would be adjusted. The commissioners were under the impression when the meeting was arranged that Mr. Schmidt had indicated a willingness to take down his old awnings and obey the ordinance regarding sidewalk displays on condition that the city commission would permit him to erect an overhead Marquee on the order of the one in front of the Keith theater in Dayton. It developed at the meeting that Mr. Schmidt was not willing to commit himself regarding the sidewalk display so the meeting resulted in a draw, the only agreement being reached was one to fight the matter out in the courts.

The injunction suit which was decided adversely to Mr. Schmidt in the Common Pleas Court will not be carried to the Court of Appeals as its decision in that court would bring the matter no nearer to a settlement than it is now, as it would still be necessary to test the legality of the ordinances. With that end in view Mr. Schmidt will stand trial in the police court for violation of the ordinances and will then carry the case through to the Court of Appeals on its merits. If the city wins Mr. Schmidt will have to pay the fines assessed against him and also remove the awning and sidewalk display. If he wins he will escape paying a fine for violating the ordinances and will be able to maintain the awning and sidewalk displays unchanged if he likes.

HE'S SOME LOVER

That she is nursing a broken collar bone as the result of her husband's love taps, is the allegation made by Mrs. Ida Schneider of Osborn in a suit for divorce from William A. Schneider. They were married February 6, 1903. She charges him with extreme cruelty on different occasions, and says that March 3rd he violently assaulted her and fractured her collar bone. The plaintiff says that she and the defendant own jointly valuable household goods, liberty bonds, and cash in bank.

EAST END NEWS

Mrs. Charles Williamson, of 31 Orchard street, has received word that her husband has arrived safely in New York from overseas.

Mrs. Lottie Judy has received word that her son, William Fowler, has arrived safely from overseas.

PROHIBITION AND SUFFRAGE TO BE IN HANDS OF FRIENDS

Washington, March 11.—The prohibition and woman's suffrage legislation will be in the hands of its friends in the next house.

This was insured today by the flat announcement from Republican Leader Mann that no anti-suffragists would be made of the house suffrage committee.

Rep. Voelsted, of Minnesota, a well known dry has already been chosen chairman of the house judiciary committee which will handle the legislation to enforce constitutional prohibition.

The chairman of the suffrage committee will not be chosen until late today or tomorrow, but since Mann's wishes as to committee choices has prevailed so far, there is little doubt that he will be able to select a suffragist as chairman.

MRS. ESTHER COMPTON DIES AT AGE OF 87

Mrs. Esther Spray Compton, aged 87 years, died at 1:30 Monday afternoon at her home two miles west of New Burlington, of an illness resulting from the infirmities of old age.

Mrs. Compton was 87 years of age last July 16, and had spent all her life in the neighborhood where she died. She is survived by three children John Compton, Mrs. Mary Hill and Mrs. Lydia Hill, all of New Burlington.

Funeral services will be held at the Caesareeek Friends church, Thursday the cortege leaving the house at 10 o'clock. Interment in Caesareeek burial ground.

WOMAN HURT WHEN BUGGY OVERTURNS

When the horse behind which she was riding to this city with her daughter, Mrs. Albert Bickett, frightened and overturned the buggy. Mrs. Susan Harper of Jamestown, received two fractured ribs, but was not otherwise injured. The accident occurred on the Jamestown pike.

The horse frightened at some workmen near a culvert, and overturned the vehicle throwing both women to the road. Mrs. Bickett was unhurt. The women were given assistance by the men who saw the accident, and they returned to the Bickett home, where Dr. W. A. Galloway gave Mrs. Harper surgical care.

Sensitive Squabs.
French scientists believe that carrier pigeons are influenced by magnetism, and that with the spread of wireless telegraphy much less dependence can be placed on them.

When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

Dr. Caldwell's
SYRUP PEPSIN
The Perfect Laxative

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

FREE SAMPLES

If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable skin beautifier at about the cost of one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoother and beautifier.

Just try it! Make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.

ADMONISHED TO USE BETTER JUDGMENT

Columbus, March 11.—Michael Albanese was before Judge Kinkead in common pleas court, to secure a divorce from his wife, Mrs. Alice Albanese.

Albanese testified that his wife went away with a carnival and spent too much time at Camp Sherman.

"What's your nationality?" asked Judge Kinkead.

"Italian-American," replied Albanese.

"What's your wife's?" the court then asked.

"Irish-American," was the answer.

"Use better judgment next time," advised Judge Kinkead. Albanese was granted a divorce on the grounds of gross neglect.

Real Meaning of Expression.

"Don't care a fig" is one of the commonest of expressions, but it isn't correct and means little, whereas the original has some real meaning. "Don't care a fig." The word fig is used by Shakespeare and is a Roman word meaning a contemptuous snapping of the fingers.

ISSUE HONOR STAMPS TO KIDDEES

State W. S. S. Committee Sends Out Merit Insignia to School Children.

Columbus, O.—(Special).—Distribution is now being made by the Ohio War Savings Committee of the Presidential Honor Stamps. These stamps carry likenesses of the 27 presidents of the United States and are given to school boys and girls as merits for sale of War Savings Stamps.

The first stamp carries the photograph of President Washington and is earned by the sale of one War Savings Stamp; the second of John Adams, earned for the sale of \$10 in W. S. S. and on through the list of presidents, in increasing amounts, until the stamp carrying President Wilson's photograph is given for the sale of \$10,000 in War Savings Stamps.

Telegraphing Pictures. A French inventor's process for telegraphing pictures uses a system of hollows and reliefs, the passage of a stylus over which determines the intensity of the current transmitted.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

GOVERNOR COX CALLS ON PEOPLE TO BUY STAMPS

Columbus, Ohio, March 1.—Calling on the people of Ohio to respond to the government's request for purchase of War Savings Stamps during 1919, Governor James M. Cox has issued a proclamation designating March 17 as the opening day of a War Savings Stamp drive in this state. The Ohio War Savings Committee is carrying out a statewide campaign commencing on that date.

The Governor's proclamation declares: The sale of War Savings Stamps and other securities is being continued by the United States Government to meet obligations arising from the war; to bring our soldiers and sailors home; to care for the helpless maimed, sick and wounded and to discharge our full duty to the dependents of soldiers.

During the activities of actual warfare, the people of Ohio led all states in the purchase of War Savings Stamps, and by so doing supported their men in service to the utmost effectively aiding in bringing the war rapidly to the close.

The gallant sons of Ohio have accomplished their task in glorious manner, and the boys overseas are still performing their duties, awaiting the time of honorable discharge when every task shall have been completed. Those at home can do no less than their full duty.

I, therefore, respectfully urge that all Ohio citizens once more respond to the call of the War Savings Committee in the pledge campaign beginning March 17, 1919, and systematically purchase War Savings Stamps throughout the remainder of the year.

The Governor's proclamation will be supplemented locally by request from Mayors and councils to observe the pledge campaign commencing March 17th.

NOTICE

TO WHOM IT MAY CONCERN:—Notice is hereby given that on Saturday, the 22nd day of February, 1919, at a meeting of the Stockholders of The Milford Pink Granite Company, held at the office of said Corporation in Xenia, Ohio, County of Ohio, it was by a vote of more than three-fifths of the Stockholders:

"RESOLVED, That the Articles of Incorporation of The Milford Pink Granite Company be amended so as to change the name of said Corporation to THE MILFORD PINK-VICTORIA WHITE GRANITE COMPANY. And further, that the President and Secretary of said Corporation be and they are hereby authorized and directed to file a certified copy of said amendment with the Secretary of State, as provided by law."

My Favorite Recipe

Potato Soup

TAKE four medium-sized potatoes, two stalks of celery, one small onion, two tablespoonfuls of butter, three cupfuls of boiling water, three cupfuls of hot milk, one teaspoonful of cornstarch, one teaspoonful of salt, and one-half teaspoonful of pepper. Wash and peel the potatoes, peel and slice the onion, and wash and chop the celery. Melt the butter in a saucepan, add the vegetables and cook them over the fire for eight minutes, but do not let them color; add the water and salt and cook the soup gently until the potatoes are soft. Then rub the soup through a sieve; rinse out the saucepan, return the soup to it, add the milk, and let it reboil. Moisten the cornstarch with two tablespoonfuls of milk and cook for five minutes. Season the soup carefully with salt and pepper, and serve very hot with toast cut in small squares.

Drop Ginger Cookies

Cream one cupful of sugar with one cupful of lard; add one-fourth teaspoonful of salt, one cupful of molasses, one cupful of sour milk mixed with one teaspoonful of baking soda, three well beaten eggs and four cupfuls of flour sifted with another teaspoonful of baking soda, one teaspoonful of powdered cinnamon and one teaspoonful of powdered ginger. Mix well and drop by teaspoonfuls, one inch apart, on greased baking pans, and bake in a quick oven.

Banana-Orange Pie

Cream one cupful of sugar with one tablespoonful of butter and three peeled and mashed bananas. Add one teaspoonful of cornstarch moistened with one cupful of milk, two well beaten eggs, and the strained juice of three oranges.

Mix well, and divide into two pie plates lined with rich crust. Bake in a moderate oven for thirty minutes.

Stuffed Spare Rib

Place the meat in a dripping pan, season with salt, pepper and powdered sage to taste, add one cupful of hot water, and bake in a hot oven for an hour, basting often. Mix a quart of dry bread cut in small pieces with sufficient hot water to moisten, add salt and pepper to taste, one onion chopped fine, four tablespoonfuls of melted butter, and a cupful of milk. Mix and fill the rib with this dressing and bake to a nice crisp brown, basting frequently. Serve with Dutch apple sauce.

Prune Pudding

Wash one-half pound of prunes, cover with two cupfuls of water, soak for two hours, then simmer in the same water until tender, remove the stones, and add water to make one pint. Mix six teaspoonfuls of cornstarch with one-fourth teaspoonful of salt, and one cupful of sugar and add to the prunes. Simmer for fifteen minutes, then add the strained juice of one-half of a lemon, and pour into a wet mold. Chill, turn out, and serve with whipped and sweetened cream. Figs may be used in the same way.

Baked Beans

Parboil one quart of white beans. When boiling, add one-half teaspoonful of baking soda, then drain and throw away the water. Cut one-half pound of salt pork into strips, and season these with black pepper. Put the beans into a three quart earthenware pot, add the pork, three tablespoonfuls of molasses and fill up the jar with boiling water. Cover and place in the oven over night and they will be ready for breakfast, or put them into the oven in the morning and they will be ready for supper.

The Curfew Bell

SO many towns ring the curfew bell to warn the children that nine o'clock p. m. must find them safe in the home nest, it is interesting to know that the curfew bell originated in the time of William the Conqueror. A "curfew" was a fire cover of metal, shaped like a hood with a handle by which it was lifted. It had an opening on one side and was about ten inches high. Because fires in early days were made on large open hearths, the smoke escaping through a hole in the chimney or even through a hole in the roof,

fire risk was great. It was ordered that every householder before retiring must cover his fire with a *couvre-feu*, meaning "cover the fire." He scraped the embers together at the back of the hearth, putting the cover over them, the open part close against the chimney.

A bell was rung in the market place at an early hour every night as a signal that people must extinguish their fires and go to bed. The term "curfew" was associated with the ringing of the bell. But in William the Conqueror's time a curfew was nothing more practical than a plain metal fire extinguisher.

JAMESTOWN

Quite a number of Jamestown people attended the automobile show in Dayton.

Mr. J. W. Barker and family from near Chillicothe, have moved into the J. Q. A. Baker property on West Xenia street. Mr. Barker sold his farm in Ross county, and has not yet decided as to what business he will engage.

Miss Margaret Benegar has been the guest of Mrs. Myrtle Van Pelt in Xenia.

Mr. C. C. Jenkins, of the firm of Jenkins & Turnbull, and W. D. Ferguson, were in Dayton on business the last of the week.

Mrs. W. H. Pegan is spending several days in Xenia with her daughter, Mrs. Harold Owens.

Mr. William Haughey of Dayton, has been visiting his cousin, J. Q. A. Baker, for a few days.

Mrs. Virginia Smith has been confined to her home with a severe cold. Mr. Harvey Cummings was a week end visitor in Xenia.

Mr. Howard Harper, who is a student in pharmacy at the North Western University at Ada, is home on a short vacation. His mother, Mrs. W. F. Harper and daughter Mildred, met the young man at Dayton on Friday.

Mrs. A. L. Smith was in Xenia the latter part of the week.

Mr. W. W. Johnson, the grocer, spent Friday in Dayton.

Mr. James Flax is repairing his newly purchased property on Clemens Avenue. He is having a new furnace installed and will have other changes made.

Mrs. C. D. Dobbins and daughter, Miss Zelpha, were week end guests of the former's daughter, Mrs. Harry King, of Washington C. H.

Miss Winifred Allison visited

friends in Washington C. H. over Sunday.

Miss Ruth Ferguson was a week end visitor in Dayton.

Mrs. A. L. Teeters and daughter, Miss Margaret, were Xenia shoppers on Saturday.

The Misses Esther Turnbull and Mildred Toland, spent Saturday in Dayton.

Superintendent of Schools Chester A. Devoe was a Xenia visitor the last of the week.

Mrs. Jennie Lieurance has returned home after a pleasant visit with relatives in Fayette County for the past few weeks.

Mr. J. H. Sanders went to Dayton on Saturday to attend the funeral services of a prominent member of the Masonic order, which was held at the Masonic Temple in that city.

Mrs. John David, who is in the Fayette county hospital at Washington C. H., is getting along nicely, having had an operation performed last week.

Mrs. W. H. Barnett most delightfully entertained the W. S. E. Club. The time was passed in doing fancy needlework and merry conversation. The hostess served delicious viands.

Mr. and Mrs. L. E. Weed of Dayton, were week end guests of Mrs. Martha Weed and Mrs. L. A. Smith.

Mrs. Charles Mayo is spending the week in Sabina with relatives.

Mrs. E. W. Post and two children, Edith and Wayne of Springfield, have been spending a few days at the home of her uncle, Mr. Charles Shely.

Mr. J. E. Cordon, state lecturer at the Farmers' Institute, was home over Sunday with his family.

Mrs. G. A. Shinkle and little daughter, Martha Lou, have been visiting with Mr. and Mrs. Matthew Shinkle.

Mr. Paul McFarland, who has just returned from overseas, is the guest this week of relatives in Springfield.

Mr. and Mrs. Will Leveck of Columbus, were week end guests at the home of Mr. and Mrs. G. W. Leveck.

Mrs. David Venard has returned from the Espey hospital at Xenia, somewhat improved in health.

Mr. Charles Hite was a Dayton visitor the first of the week.

Says Thick Sluggish Blood Should be Purified.

A Greasy, Pimply Skin, a Foul Odor to Perspiration, Boils and Aches and Pains All Banished by Sulphur Tablets. Like Grandma's Remedy for Spring.

Take these tablets made of sulphur, cream of tartar, calcium sulphide and extracts of rare herbs and take regularly for a month or so, and you can drive the poisons out of your system. Sulphur Tablets are wonderful to overcome constipation, sluggish liver and kidneys and they quickly start all the eliminative organs working. They "flush the sewers," as it were, and you will feel their fine effects all through spring and summer. Headaches, catarrh, neuralgia, rheumatic pain, constipation and kindred ailments due to poisons in the blood, all go, the skin clears, pimples and boils are absorbed and pass out through the proper waste channels. Every package is guaranteed so you can prove it easily. Good for children and adults. All druggists 60c per sealed tube. Get Sulphur Tablets (not sulphur tablets.) adv

Salad Jell

Lime Jiffy-Jell is flavored with lime-fruit essence in a vial. It makes a tart, green salad jell. Jiffy-Jell desserts are flavored with fruit-juice essences, highly condensed, sealed in glass. Each dessert tastes like a fresh-fruit dainty—and it is.

You will change from old-style gelatin dainties when you once try Jiffy-Jell. Millions have changed already.

SOCIALISM AS A CLOAK FOR LAW VIOLATION.

Editorial from The Chicago Tribune. Victor Berger and his associates have been sentenced to serve twenty years in the penitentiary for violating the espionage act and for conspiring to obstruct the United States in its war against Germany.

We wish this point to be perfectly emphasized in the minds of all Americans. The defendants—Berger, J. Louis Engdahl, William F. Kruse, Adolph Germer and Irving St. John Tucker—were found guilty of breaking the laws of the United States. They were not in the remotest sense tried as to their political beliefs.

A great attempt has been made by the defendants and their supporters to obscure the issue in a fog of so-called political rights. Political freedom has never at any point in the contention of the government entered into the prosecution.

It is true that Berger and his co-defendants are members of the Socialist party; have been diligent in its affairs; Berger a congressman-elect on the Socialist ticket. But it cannot be alleged that their political beliefs, except as insinuated by themselves, have been permitted the slightest expression in the federal court.

Two chief accusations were made by the government. It was charged that Berger and his colleagues openly violated the espionage act by expressing contempt for the government at a time when the sturdiest loyalty was required of all Americans. It was also charged that they conspired, through devious agencies, to discourage service in the United States army and to incite rebellion against the draft law. On both these counts, and on no other, were they convicted. The sentence of twenty years has been meted on the conviction thus obtained. There has been no other issue. Wherein, then, does it appear that the political freedom of any of the defendants has been abridged?

The complaint of Berger and his associates that they were victims of a "capitalistic conspiracy" finds but small lodgment when a poll of the jury is taken. On the jury were farmers, insurance agents, a stock buyer, a fruit dealer, machinists, an inventor—surely a competent test of plain Americanism. The issue was of law observance, not politics.

BACK TO THEIR OWN JOBS.

An interesting canvass of the returned soldier employment situation was recently conducted in New Hampshire by the commissioner of labor. The investigation included 357 manufacturing establishments. These concerns had sent 4,671 men into the service. Already 4,306 of these men have been taken back to work. In addition, 272 men who were not previously employed have received jobs with those plants.

At the same time that so many of these men have been given their former jobs, very few women have had to be displaced so far.

A similar canvass was made of 164 mercantile establishments. They had 205 men in service and have taken back 184 already, as well as 25 others not formerly employed with them.

Sixty-six out of 100 men have returned to the 194 farms included in the canvass. And all the New Hampshire boys are not yet home.

The percentage of soldiers returned to their former employees is rather better than one would expect, considering the current talk. Perhaps a good deal of that talk has been unfounded gossip. Perhaps New Hampshire is more fortunate than other sections of the country. In any case, it is an encouraging situation and sets an example which employers and men in every part of the country would do well to follow.

Goodness.

I think that most of my readers will agree with me that, notwithstanding the all-prevalent evil which in a thousand shapes haunts the footsteps of our race, good is still the mightiest power in the world, and, if its sinless strength could be concentrated and directed, would go far towards effecting a reformation of the world.—Sir H. Rider Haggard.

ROAD-MAKING.

With unemployment possibly impending on account of demobilization of troops and war industries, there is a growing demand for resumption of public work projects interrupted by the war.

The most important and pressing of these projects is road-making. The development of the motor vehicle, which every day is displacing more and more the railroad and other means of transportation as a carrier of freight, is a strong argument for good roads. Quite apart from the pressing feature of unemployment is the broader one of permanent and profitable investment.

The Federal government has approved of 760 state road projects, for which there already has been appropriated some \$48,000,000, with \$200,000,000 more to be available in the next few years. Although the program involves a total of 7,869.01 miles, only 44.96 miles have thus far been constructed.

When we consider that less than forty-five out of nearly eight thousand miles of new roads authorized have been completed, it does not seem amiss to suggest that we stop talking about the unemployment problem long enough to do something really practical toward its solution.

The fact that the cost of construction may be higher than under pre-war conditions ought not to prevent getting under way. Approximately half the cost will be met by the Federal government, and even if this were not so, state governments ought to realize the value of road-building as a means of lightening reconstruction period problems.

THE PROMOTER'S WIFE

BY JANE PHELPS.

BAB ENCOUNTERS NEIL AND BLANCHE LUNCHING TOGETHER.

The telephone shrilled. I'm coming for you to go to the museum with me. I'll be there in half an hour." Lorraine Morton's voice informed me. "There's a new picture hung that I want to see."

"I'll be delighted!" I told her, and I meant it. I knew I should be thinking of what had occurred between Neil and Mr. Scott; what had been said. Neil was determined to tell me nothing of his affairs; and so long as he refused, what was the use of making myself unhappy over them? I was convinced now that it was more because he was smarter than these other men, that they were in a sense jealous of his success, and that was the reason, and that only why they had flung out their insinuations.

I really enjoyed the morning. Lorraine was always good company, even though she was inclined to gossip a little, perhaps more interesting because of this! She insisted that I stay out and lunch with her. I was nothing loath, and we fixed upon Sherry's as the place where we could see more people we knew.

The head waiter, who knew us both, gave us a very nice table on the balcony, looking out upon the Avenue. We ordered and were waiting to be served, when, hearing a loud voice objecting to being given a certain table, I turned. To my surprise, the owner of the objecting voice proved to be Mr. Scott. Blanche Orton was his companion. They were finally seated to please him, but to my disappointment, where I could neither see nor hear him. I own frankly that I should

have been glad to hear what they were talking of.

Why should they be together? Neil had said nothing of their knowing each other. Did he know it? If he did it was strange that he had not invited Mr. and Mrs. Orton to dinner the night before. No, I concluded he knew nothing of it. Just then I turned again toward where they were seated, and saw—NEIL come in and join them!

Lorraine had not seen him. Should I tell her, or should I say nothing? I was positive that Neil had not seen us; that he would not, if I decided to go without letting him know I was there. But why should I act as if either of us were doing something we wanted to keep secret?

I called the waiter. "Did you see Mr. Forbes, the gentleman who just sat down over at that corner table?"

"Yes, madame! I know Mr. Forbes quite well. I often wait upon him."

"Tell him, please, that his wife would like to speak to him."

The gurgling waiter immediately crossed to Neil. He looked surprised, but rose and came over at once.

"Mrs. Orton has no need of two escorts, you come over here with us," I said, after he had spoken to Lorraine.

"That's impossible, much as I should enjoy it. I can't even ask you and Lorraine to join us. We are talking business today."

For the first time I noticed that he had an anxious look; the lines in his face were unusually prominent.

"But I thought you had finished with Mr. Scott!" I would not mention Blanche.

"Not by a good deal. He was told something this morning that seems to have upset him considerably. It is up to me to undo the mischief. Excuse me now, I must run back."

Lorraine told him to run along and be a good little boy and not flirt with Blanche Orton. I added: "Be sure you remember."

But while we ate, only one thing occupied my thoughts: Why was Blanche Orton with them?

Tomorrow—Barbara Asks Neil for the Same Confidence He Gives Blanche.

FORM W. S. S. CLUBS IN COLLEGES

Bring 'Em Back Plan to Be Pushed in All Higher Educational Institutions.

Columbus, O.—(Special).—War Savings "Bring 'Em Back Clubs" are to be formed in Ohio colleges and universities.

Through the educational division of the Ohio War Savings Committee the higher educational institutions of the state are being enlisted in the War Savings campaign. This activity will be carried out through the organization of "Bring 'Em Back Clubs."

Interest of the various college and university organizations is to be enlisted in the formation of those clubs. They will be named in honor of members still in service at home or abroad.

It is the plan of the Ohio War Savings Committee that colleges and universities will be placed on a per capita competitive basis of War Savings Stamp purchases and sales. Public announcement of the standings will be made periodically.

Velocity of Light.

The velocity of light was obtained by the Danish astronomer Roemer in 1676, by observing the eclipses of Jupiter's moons. When the earth was nearest to Jupiter, the eclipse appeared about eight and one-half minutes too soon for the calculations, and when the earth was most remote from Jupiter, they were about eight and one-half minutes too late. Roemer concluded the reason to be that it required 17 minutes for light from the planet to traverse the diameter of the earth's orbit, which measured the difference of the distances of the earth from Jupiter. This calculation has since been verified, and proves that light travels about 186,000 miles a second.

HIS WAY OF LOOKING

The Preacher—I suppose you consider gambling debts debts of honor! The Gambler—That depends. When they are due me I certainly think they are debts of honor.

CEDARVILLE

Mr. J. T. Phillips of Dayton is the guest of Cedarville friends. Mrs. J. R. Orr is spending a few days with her son-in-law, and daughter, Rev. E. B. McClellan and wife, of Belle Center.

Mrs. Robert Bird was at Camp Sherman Tuesday, visiting her son, Fred, who is stationed there in Y. M. C. A. work.

Mr. and Mrs. Harry Waddle of Springfield spent the week end with her parents, Mr. and Mrs. W. J. Tarbox.

The H. S. girls basketball team went to Plattsburg Friday night, where they were defeated by one point. This is the first defeat of the season, they having won six games out of seven. The boys and girls both will play Ross High here Tuesday night.

The annual Bible Society meeting was held in the M. E. church Sabbath evening. Rev. McKinney of the Clifton Presbyterian church preached the sermon.

Mr. Fred Townsley, who has been at Camp Sherman for the past few days, where he received his discharge, arrived home Monday evening.

Miss Hazel Blair, who has held a government position in Washington, stopped here Saturday night and was the guest of Geo. Creswell and family. Miss Blair is on her way to Seattle, Wash., to see her uncle, who is a doctor, and expects to take treatment for an infection which was caused by vaccination.

Miss Effie Conley, who teaches at Spring Valley, spent the week end with her parents.

Miss Kate Nesbit was very sick for a few days last week, suffering with a severe cold.

Wilbur McMillan, son of Mrs. Minnie McMillan, has the pneumonia, and has been very sick.

Mrs. J. W. Smiley of Sparta, Ill., is visiting Greene county relatives. Mrs. Smiley came here from Indianapolis, where she had been the guest of her son, Dr. James Smiley.

Everyday Etiquette

"When I am calling on a new acquaintance should I leave my card upon each visit if the hostess is at home?" inquired George.

"Only on the occasion of the first call should you leave your card on the hall table, or other place provided for it, even though you are received by the hostess. Upon following visits, when the hostess is at home, no cards are used," said his mother.

First Tenement in New York.

The first tenement house in New York city was built in 1823. It was a four-story building and stood in what is now Corleaux park.

PORT WILLIAM

Miss Mildred Anson spent a few days of last week in Cincinnati.

Misses Mabel and Ada Bone visited their uncle, James Bone, and family, of New Burlington, Wednesday and Thursday.

Mr. Lynn Ewbanks went to Cincinnati last week to enlist in the navy, but failed to pass the examination.

Mrs. H. L. Senseman and sons, Cornelius and Paul, and her mother, Mrs. Soles, left Friday for Columbus, where they will spend several days with relatives.

Mr. and Mrs. Milton Anson spent the past week in Cleveland, as the guests of Charles Toops and family.

William O. Beam has purchased the G. H. Clark's grocery, and his daughters, Misses Jennie and Cleo Beam, are taking care of the store for their father.

The Farmers' Institute was held here Friday and Saturday. The speakers were Mrs. Florence Williams, of Ohio State University, and W. D. Zinn, of Philippi, West Virginia. The Domestic Science Class served dinner at the High School building during the institute.

LAND INNOCENT OF BATHTUBS

In Turkey the Stationary Tub, So Familiar in Western Lands, Is Absolutely Unknown.

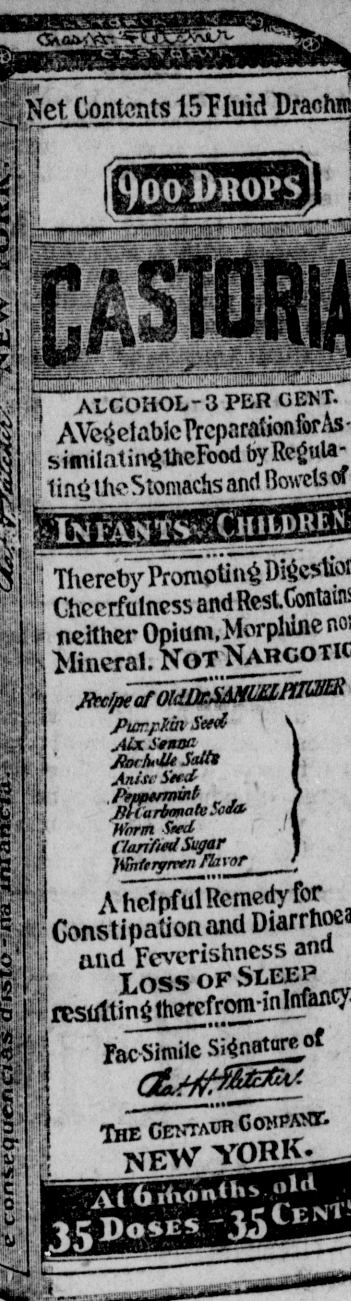

The Turk in spite of his constant bathing (bathing being enjoined by the Mohammedan religion) has no stationary tubs nor wash bowls—indeed, Turkish houses are quite innocent of plumbing, says Edith Gilfillan, in an article on the colorful ancient capital of the Ottoman empire. But as the Turk never bathes save in running water the brick floors contain drains that carry the water to the garden outside. Always before eating, a servant pours, from a pitcher, water over an oriental's hands; which seems a wise provision, for they do not use knives nor forks; spoons only are used to eat soup or sherbets.

They do not sit around a table as we do, but sit on cushions round foot-high table trays. All over the near east they have but two meals. Breakfast is a sort of movable feast up to eleven o'clock. It consists of coffee, fruit and various hot breads. The Turk is enabled to sustain life until his dinner at sunset by drinking innumerable cupsful of thick, hot, heavily-sweetened coffee.

Dinner, which is consumed in the evening, is the only meal the Turk takes in the bosom of his family. It often is an elaborate affair of twelve courses: Tomatoes and squash and eggplant and other vegetables stuffed with rice or minced meat or cheese, fish swimming in oil, mutton steaks, goat fricassee, roasted chickens, rich pastries and candies, preserves of plum and quince and fig and peach, and always coffee and the narghile—waterpipe.

At some of these dinners they drink a sort of brandy called rakl; but alcoholic drinks are anathema to the orthodox Turk.

GOOD HOUSEKEEPERS USE BEST That's why they use Red Cross Ball Blue. All leading grocers, 5 cents.

The Fordson at a Glance

The Fordson Is Light
Weighs Only 2700 Pounds

THE FORDSON TRACTOR is economical—both to buy and to operate—two and one-quarter gallons of Kerosene per acre plowed is a fair average.

THE FORDSON TRACTOR is powerful—will pull two 14-inch plows in the stiffest soil or drive a threshing machine—maintain 1800 pounds draw bar pull at plowing speed—2500 pounds on low gear. Twenty-two horse power is available at the belt pulley.

THE FORDSON TRACTOR is durable—simple, rugged, accessible in design with few parts. The toughest steel's which science can produce are used to give strength and durability instead of depending on heavy masses of metal. All moving parts are enclosed and lubricated, air is washed clean to protect the motor.

Goodyear tires, Havoline Oils and our accessories are leaders in their line.

The Xenia Garage Co.

Opp. Shoe Factory, Xenia, Ohio

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

DEBTS OF PEACE

Through the grateful and self-sacrificing devotion of some 30,000,000 of his loyal citizens Uncle Sam was able promptly to pay most of his debts of war.

Now he is facing the problem of the debts of peace.

For the demands upon the national treasury did not cease with the signing of the armistice. Not by a long shot.

In addition to the war debts that hung over, the war contracts that were then still in effect, and the millions it will require to adjust these satisfactorily with the munitions makers, Uncle Sam has an army yet on his hands.

He still has the unsolved problem of

his incomplete merchant marine, necessary to insure American success in the fields of foreign commerce.

The problem of reclamation for the thousands of wounded and disabled soldiers who must be fitted for their later life's battles.

The demands upon the soldiers' insurance fund which will run well into the millions.

The almost certainty that further credit advances will be needed by some of the hardest hit of our allies abroad. The ultimate expense of bringing back the boys.

The making good of the wheat guarantee.

But above all the protection of America's honor, the meeting of all our moral obligations, the retention of the world's good opinion.

Which means in the finality cleaning this mess up right.

The Victory-Liberty Loan will go far toward helping to do this. But not without YOUR help.

DON'T SPOIL YOUR CLOTHES
Use Red Cross Ball Blue and keep them white as snow. All grocers.

FEEL IT IN THEIR BONES

Rheumatic sufferers are highly sensitive and easily affected by any change in the weather, "they feel it in their bones."

Rheumatism is the foe which steals away the joy of life.

"Neutrone Prescription 99", the different remedy, has banished winter terrors for all.

Each week more and more sufferers in all walks of life take "Neutrone Prescription 99" and every week adds more names to the long list of permanent cures. Go to your druggist today and get a 50c or \$1.00 bottle. It will repay you many times in health. Mail orders filled on \$1.00 size.

Sohn Drug Store and leading Druggists everywhere.

CLIFTON

Rev. Mr. Young of the United Brethren church, is conducting the services at the M. E. church this week.

Mrs. Nelson Clark of Pittsburgh, is the guest of her parents, Mr. and Mrs. A. S. Lewis.

Mr. Warren D. Printz has sold his grocery in the K. of P. building to the Edwards brothers, who live north of town. They expect to run an up-to-date grocery. Mr. Printz will continue to be postmaster and the post office will remain where it is.

Weeping, wailing and gnashing of teeth, frenzied search for mislaid tags and license receipts were some of the incidents attending the visit of the Xenia dog catcher to our village last Monday.

Mr. Newton Daily, who has been a great sufferer all winter, went to McClellan hospital, Xenia, on Saturday.

Rev. Wm. McKinney of the Presbyterian church, preached before the annual meeting of the Bible Society at Cedarville, Sabbath evening.

Mr. George Rife and family have moved to their new home in Cedarville, purchased from Mr. Thompson Crawford.

St. Agnes' Eve.

The feast of St. Agnes was formerly held as in a special degree a holiday for women. It was thought possible for a girl on the eve of St. Agnes to obtain by divination a knowledge of her future husband. She might take a row of pins and pluck them out, one after another, stick them in her sleeve, singing the while a paternoster, and in this way insure that her dreams would that night present the gentleman in question.

TINY GRANDCHILD OF NEW AMBASSADOR KEPT FROM SEEING DADDY BY WAR RULING

Mrs. Capt. Melville Wallace and her daughter Patricia.

Baby Patricia Wallace, granddaughter of Hugh Wallace, new U. S. ambassador to France, has never seen her father, Capt. Melville Wallace. He is with the A. E. F. and because of the strict order of the war department preventing relatives of fighters going across Mrs. Wallace was not allowed to accompany her father to his new post and in that way visit her husband. Patricia's mother was Miss Ruth Patterson.

MAIL CARRIERS GET WAR SAVINGS TRIP

Columbus, O.—(Special.)—One or more mail carriers in each county in Ohio is to be given a free trip to Mackinac Island and return as a reward for War Savings Stamp sales ability, according to announcement of the Ohio War Savings Committee. These trips will come with diplomas in a correspondence course in practical salesmanship which will be given free to all city and rural carriers in Ohio.

The trips to Mackinac Island and return are being given by a former mail carrier who is now one of the leaders in industry in Ohio and the course in salesmanship has been written by a very successful salesman, formerly a mail carrier. The personality and selling ability of the carriers will be developed through practical demonstration in the sale of Government Savings Stamps.

The contest and course in salesmanship starts March 10 and ends Aug. 9. The plan has been heartily endorsed by the city and rural carrier associations. Aside from the trips offered through the Ohio War Savings Committee it is expected that individuals and business houses will offer additional trips. The mail carriers with the highest aggregate sales will be rewarded in this manner.

In the larger cities there will be as high as 20 trips offered, in addition to the three to be given under the auspices of the Ohio committee.

THE WAR IS STILL TO BE PAID FOR

The fighting is over and there is glory enough for all. We fought a wonderful series of battles and won them all.

We have celebrated and celebrated and will celebrate more. But the job is not finished and what is more, it is not paid for. We must invest all we can in War Savings Stamps now and continue all year.

A XENIA INTERVIEW

Mr. Edwards Tells His Experience.

The following brief account of an interview with a Xenia man two years ago and its sequel, will be read with keen interest by every citizen.

C. F. Edwards, 119 Cincinnati Ave., Xenia, says: "Doan's Kidney Pills are reliable, I know. I have taken them several times and they have always been satisfactory. When my kidneys have been out of order, I have had sort of lumbago and sharp pains through my back. The way my kidneys have acted, has also bothered me. I have always had quick relief when I have used Doan's Kidney Pills for those attacks." (Statement given January 8, 1915.)

Gone For Good
On August 1, 1917, Mr. Edwards said: "I praise Doan's Kidney Pills more than ever, for they have given me a permanent cure, from the kidney trouble I had."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Edwards had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CLEANSSES YOUR HAIR
MAKES IT BEAUTIFUL,
THICK, GLOSSY, WAVY

Try this! All dandruff disappears and hair stops coming out

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knownlton's Danderine at any drug store or toilet counter and try it as directed.

RECONSTRUCTION

Of Lost Health-Tone and Exhausted Reserve Strength.

Consequent upon the war, the dreadful epidemics, trying weather and changing seasons, is imperative.

Never before were the blood-building, nerve-toning, appetite-making properties of Hood's Sarsaparilla so much needed as now.

This medicine, 1st, creates an appetite. 2d, aids digestion. 3d, perfects assimilation of all the food you eat so that your blood and body receive the benefit of 100 per cent. of this nutriment. This rapidly adds to your strength and gradually restores your reserve strength naturally bringing about normal conditions and permanent good health. Hood's Sarsaparilla is America's greatest blood-purifying medicine, with a record of greatest sales and greatest cures.

Hood's Pills are a fine family cathartic, gentle and effective, well adapted to help Hood's Sarsaparilla.

YELLOW SPRINGS

The annual county basketball tournament will be held Saturday, March 15th in Kelly Hall. The girls' teams from the High Schools will enter the contest this year and play for a loving cup. The winning boys' team will be given a small loving cup as a permanent possession, in addition to the larger one which is kept only so long as they win. The boys and girls are planning for a big day and a big crowd from all parts of the county.

The services that have been in progress at the Methodist church for the past two weeks, closed Sunday. Rev. A. P. Smith, who assisted in the services left Friday night for his home in West Union. Every one was pleased with his sermons and regretted giving him up.

The Miami Grange has leased the Jobe property on Dayton street and the upper part of the Murray building adjoining, where they will arrange the rooms for an assembly hall. Harry Sutton will occupy the lower floor of the Jobe building for his automobiles.

Dr. S. D. Fess returned Wednesday from Washington, D. C. His sons, Lehr and Lowell, and their friend, Newton Shaw, came through from Washington in their automobile, arriving here Thursday evening.

Rev. and Mrs. A. G. McLennan, who have been visiting relatives in Nova Scotia, for the past two months, arrived home Tuesday. Rev. McLennan will engage in Y. M. C. A. work in Springfield.

Lieut. Lawrence Garlough, who has been overseas in the aviation service, arrived home Wednesday. His parents, Mr. and Mrs. Oliver Garlough, were notified Sunday when they received a telegram from New York telling of his safe arrival in this country. Two months had passed without any word from him and they were very anxious about him.

Elmer Taylor, of Akron, is visiting his parents, Mr. and Mrs. L. L. Taylor.

Miss Mary Kenneth Sutton left Friday for a visit with friends in Falmouth, Ky.

An infant son of Mr. and Mrs. A. Bausman was buried Friday afternoon. The baby was ten days old and a twin. The twin brother is healthy and doing nicely.

Rev. Macaulay, of Xenia, spoke at the college chapel Friday morning. His talk of his work overseas was enjoyed by the students and teachers.

Harry Sutton moved Thursday to his farm on the Clifton pike. Otte Fleckenstein, who has been living there for three years, moved to Charles Hackett's farm on the Xenia pike. J. W. Stevenson has moved to town into the house vacated by Harry Sutton.

Pay Kershner has purchased Miss Margaret Brewster's property on Phillips street.

Miss Belle Middleton of Springfield, spent the week end with Mrs. R. H. Adams.

Mrs. Emma Wilson and granddaughter, Louise Ramsey, of Springfield, were the guests of Mr. and Mrs. E. J. Winslow, Saturday and Sunday.

Theodore Vandervort, of Akron, is visiting his parents, Mr. and Mrs. C. F. Vandervort.

John Birch has sold his bungalow on Dayton street, to Mr. Flatter, of Clifton.

Why Delay?

"Take this medicine," said the young doctor. "If it doesn't cure you, come back in a few days and I shall give you something that will." The patient pocketed the dose reluctantly. In a few moments he returned. "If you don't mind, doc, I'll take some of that thing you gave me right away."

Double Chin

If you have a double chin and flabbiness of the face, or if you are overweight in other parts of the body, get some oil of korein (in capsules) at the druggist's; follow directions; beautify figure, improve health, vivacity, etc., through a simple system for reducing weight ten to sixty pounds. Eat all you need; no tedious exercise or starving. Oil of korein is perfectly harmless. Reduction guaranteed; or your money back. Look and feel younger. Cut this ad out so you'll remember.

PRICE OF "FAGS"
MOUNTS UPWARD BY
LEAPS AND BOUNDS

Cigarette smokers were hard hit when an advance of 95 cents per thousand was added to the revenue tax which went into effect a few days ago. While some dealers merely advanced the price 1 cent per 10 cigarettes, the majority of the stores have added from 2 to 5 cents to their retail prices. Ten cent brands now sell two packages for a quarter, while the brands that formerly sold for 15 cents are now retailing at 18 cents, and in most instances 20 cents per package. An additional 5 cents was tacked onto the selling price of the grades formerly selling at from 25 to 35 cents per package.

Local jobbers explain, that the advance in the retail price is due not only to the increase in the revenue tax, but also to the fact that an increase amounting to almost \$2 per thousand has been added to the wholesale price to cover the higher cost of labor and materials.

If the price on the tailor-made "smokes" continues to soar at the same rate that it has increased in the last few months, smokers will be forced to roll their own before long in order to escape the high cost of this particular brand of enjoyment.

Introduced Chrysanthemums.

It was in the autumn of 1898, that the first bunch of chrysanthemums was seen in Paris, brought by a Frenchman from far-off Japan. His first care was to present them to the Empress Josephine, who was delighted with the flowers and introduced their cultivation in French gardens.—Christian Science Monitor.

Chinese Method of Beckoning.

The Chinese do not beckon as we do, with the palm of the hand turned up, the finger curled and the index finger successively bending and straightening. They beckon with the fingers curled downwards, sweeping the whole hand vigorously back and forth.

Wash Away
Skin Sores

D. D. D. has proved itself a remarkable remedy. If you are a sufferer from skin diseases, including ulcers, pimples, scales, crusts or Eczema in any form, this remedy will not disappoint you. It has stood the test and today is the master preparation for all skin diseases. Try D. D. D. today. We guarantee the first bottle. 50c, 90c and \$1.00.

D. D. D.
THE Lotion for Skin Disease

D. D. Jones, Druggist, Sayre & Hemphill, Druggists.

Too Bad!

It's too bad that so many women suffer day after day from nervous troubles when they can get relief so easily. For 30 years DR. MILES' NERVINE has been helping people suffering from nervous disorders to regain their health and happiness.

Mrs. W. S. Allison, Glendale, Calif., writes:—"I suffered severely from female weakness and catarrh brought on by nervous exhaustion. My nerves were a complete wreck. Dr. Miles' Nerve was the only medicine that helped me. It restored me to health and happiness."

It is a wonderful nerve soother and nerve restorer. It is non-alcoholic and contains no harmful habit-forming drugs. Your druggist can tell you of its great popularity and effectiveness—ask him about it.

DR. MILES' NERVINE

PAINTERSVILLE

The Ladies Aid Society met at the home of Mrs. Frank Wilson last Thursday afternoon. After the meeting was over dainty refreshments were served. They played several selections on the Victrola which were enjoyed very much.

Several of the young people of near here made a surprise for Leo St. John Wednesday evening, the occasion being his nineteenth birthday. About twenty-five were present. Ice cream and cake, pop corn, and home made candy was served. The evening was enjoyed by playing games and music on the Victrola.

Mrs. Nan Fath who has been seriously ill is improving slowly.

The Ladies Aid Society had a social in the K. of P. Hall Thursday night. A large crowd was present.

The Sunshine and Get There Classes will meet Wednesday evening at the home of Edith and Roy Bales.

Christina Jones spent a few days the past week with her grandparents Mr. C. M. DeVoe.

Kindness Makes for Service.

It was once commented upon by Joseph F. Smith that, wherever men are kindest to their animals, there do those animals give the best service to men. As example, the writer cited Holland and Denmark, where the utmost affection and care are bestowed upon the cows, which there give freely of their milk, and the dairy industry flourishes.

DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. The end would be gladly welcomed, but even that won't come. What would you give to be a well man? A well woman? What wouldn't you give? Worse cases than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty, you deserve to suffer 95 per cent of the supposed incurable cases could be relieved physically and mentally. If they would only confess to a friend, family, or better, a skilled physician. Don't argue I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment?

Remember, all the wishing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction?

An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated in one of the most completely equipped offices in the Middle West. 25 years experience.

Office Hours: 9:00 a. m. to 7:30 p. m. Sundays: 9:00 a. m. to 11:30 a. m. DR. GEO. F. HERMANN. S. W. Cor. 6th and Vine, Greenwood Bldg., Entrance No. 7 W. Sixth St. CINCINNATI, OHIO. Established in Cincinnati for years. No operations. Lady attendants.

SOLDIER OF FORTUNE PASSES

World Soon to Have Little Use for Picturesque Character Whose Fortune Was His Sword.

If it shall now come to pass, as it well may, that there shall be an end put to wars, the old-time soldier of fortune will become an extinct species.

The world, of course, can get along very well without him, and yet he will be missed. For he is a very ancient institution, indeed. He was with Alexander and Caesar, Napoleon, the captains and the kings of every nation under the sun wherever there was a knife to stick or a bullet to shoot.

Slowly but surely, however, the ground has been cut from under the feet of the soldier of fortune, and now it seems that, at last, he is to disappear completely.

He had a good time, though, while it lasted, and it did last a long time, at that. For there was always, somewhere, a job waiting for him. If things went stale on the Spanish Main, he could cross over to the other side of the world and find another banner under which to fight.

It was all the same to him, which side he fought with or against. He had no enmities, no hatreds; he had no grudge to satisfy. His business was fighting. The doubloon of Spain looked just as good to him as the sovereign of England or the yen of Japan.

Can, but Don't.

German experimenters have found that explosions can be caused in gas works by sparks from telephones, although nothing of the kind has been known to occur.

MANY SOLDIERS APPLY
FOR BONUS OF \$60

So large is the demand by discharged soldiers, for application blanks upon which to make their requests for the \$60 bonus to be given all men honorably discharged from the army or navy, that W. L. Miller, as chairman of the civilian relief committee for the Red Cross, has ordered an additional 500 blanks printed for the purpose. Mr. Miller expects to place the blanks in convenient places, about the county, where they can be secured by the men without necessitating a trip to his office.

New Lighthouse Mechanism. Mechanism in a lighthouse that uses electric light automatically switches on a new lamp and moves it into focus should the original lamp be extinguished.

RHEUMATISM

LOST—Monday morning, somewhere between Gazette office and Job's, a leather handbag. Finder please return to Gazette office and receive reward.

Public Sales

Have your sale announced FREE in this column early, so that you may claim your date and others will stay off of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican brings the crowds. In these days of automobiles the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It's the buyer from a distance who sees your ad in this paper, who jumps in to his auto and hustles to your sale. To his auto and hustles to your sale. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when he has not properly advertised. You have not a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

PUBLIC SALE—March 12, at my residence on the Geo. Moore farm, 1 mile from Xenia, on Dayton pike, Stop 22 1/2, at 10 a. m.—10 horses, 2 cattle, feed, chickens, household furniture, implements and harness. Grieve & Titus, Auctioneers. J. E. Sutton, Clerk. N. C. 3-12

PUBLIC SALE—March 12th, at 12 o'clock at my residence on the Wilmington pike, 2 miles S. E. of Xenia, 22 cattle, feed, chickens, household furniture, implements and harness. Grieve & Titus, Auctioneers. J. E. Sutton, Clerk. N. C. 3-12

PUBLIC SALE—March 12th at 10 o'clock at the farm of the late A. H. Myers, 1 1/2 miles from Spring Valley, Call Brookville, pick west of what was known as Barrett's mill—5 head of horses, 5 head of Jersey cattle, 1 Duroc-Jersey male hog, various implements. Terms \$10 and under cash. Over \$10 credit of 9 months with two approved securities. 4 per cent for cash. Mills & Stanley, Auctioneers. A. H. Borton, Clerk. W. A. GALE. N. C. 3-12

DECIDES TO BE A LIVE ONE

Young Man Comes Back

One of our young men sure has come to the front in short order and his friends are at a loss to understand his untiring energy and ability to work and get results, where only a few weeks before he seemed to be all run down and almost a nervous wreck.

Questioned by a curious friend as to the cause of the sudden change, he said: "I sure was in bad shape and no one knew it better than I did. It had my goat for fair. I was all in and my nerves shot to pieces with worry and sleepless nights. One day I overheard a customer telling that Phosphated Iron had done for him and I could not get a supply quick enough."

"That's the whole story. Just Phosphated Iron. My nerves and overworked nerves just seemed to be Phosphated. The way they took hold of it, and say what a relief. I felt like a new man. I could sleep at night, and get up in the morning feeling like a two-year-old. Believe me, I had some appetite too, my weight increased rapidly, my face filled out and had the color of perfect health that only goes with pure blood, well fed with iron."

"You can bet I am strong for Phosphated Iron. Everyone who takes it is a booster."

"Do you know, even the doctors are prescribing it. I trust them to get next to a good thing."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Solin's Drug Store and leading druggists everywhere.

HANDS OF CLOCKS WILL BE ADVANCED ONE HOUR MARCH 30

There seems to be some suspicion among Xenia folk that the daylight savings law was a one-year proposition. If you think so read this and then plan to turn the clock one hour ahead when you put the car out on the last Saturday night in March—Reason? Because the law goes into effect at 2 a. m. on the morning of March 30th.

It is quite possible that the figure experts will never be able to fit the exact value to the country of daylight savings. Old Ben Franklin, who was the original thirty-second degree thrift expert, made a figat for the measure something like 135 years ago, but he could not put it over. Had we been saving daylight ever since his time there is no telling what would have happened.

But the national war garden commission at Washington has some figures which are stupendous and the commission only calculates the victory garden industry in arriving at the value of daylight savings to the country.

Figures gathered by the commission show that 5,285,000 home food producing plots were planted in 1918. With 26 working days in each of the seven months you have 182 extra hours of time. If only one gardener worked this extra hour of time in each plot it will be seen that 961,870,000 hours of extra time were added to the country's wealth. Since there are 8,760 hours in a year you find the staggering total of 109,865 years of 24-hour days.

In a working day of eight hours the real advantage is found by multiplying 109,865 by three, giving 329,400 working or eight-hour days. Importance of this extra time cannot be overestimated in the opinion of Charles Lathrop Pack, the president of the commission.

So much for what the daylight saving law will do for increasing the production of food f. o. b. the kitchen door. When anybody stops to figure what the law means to office shop and other indoor workers it is doubtful if the value can be estimated even approximately. Thousands upon thousands of people will have opportunity to get out into the daylight upon leaving work. It will mean better health and more "pep" all along the line in the opinion of those who watched closely the working of the law last year.

The daylight saving law, which congress failed to amend or repeal at the recent session, follows:

"That at 2 o'clock ante-meridian of the last Sunday in March of each year the standard time of each zone shall be advanced one hour, and at 2 o'clock ante-meridian of the last Sunday in October each year the standard time of each zone shall, by retarding one hour, be returned to the astronomical time of the degree of longitude governing each zone, respectively."

Try SNIDER'S VICTORY Bread Pure and Wholesome 10c

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

In Defense of the White Ant.

Residents of tropical regions generally look upon the white ant as an unmitigated nuisance, on account of the damage wrought by this insect in all kinds of woodwork. It appears, however, from Sudan Notes and Records, that in the Sudan, at least, white ants serve a useful purpose. Vegetation grows very rapidly during the wet season and the ant only attacks plants that are weakened by drought or disease, and that, but for the activities of the insect, would soon cover the fertile parts of the country with an impenetrable mass of vegetable refuse. —Scientific American.

What's Best for a Cold?

QUININE?
 NO!!

For Colds, Grippe or Influenza Colds and all their tormenting symptoms, adults can take one or two genuine "Bayer Tablets of Aspirin" anytime. If necessary, repeat dose three times a day, after meals.

"Bayer Tablets of Aspirin" are far more efficient than quinine in ridding the system of colds, and the relief comes without discomfort or distress.

"Bayer Tablets of Aspirin" are far more efficient than quinine in ridding the system of colds, and the relief comes without discomfort or distress.

ASPIRIN

Aspirin is the trade mark of Bayer Manufacture of Monacaceticacid of Salicylicacid

Original world-famous tablets. 20 cent package—Larger sizes!

EMPHATICALLY ASSERTS WORN OUT, LAGGING MEN CAN QUICKLY BECOME VIGOROUS AND FULL OF AMBITION

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food. Given the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any druggist.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who despaired of ever amounting to anything in life.

People whose nerves have been weakened by too rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-feren at once at Sayre & Hemphill's. Take two tablets after each meal and one before bedtime—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycophosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. omica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum; Kola. adv

PASSES LIFE'S
84TH MILESTONE

(By Mrs. Eliza H. Carruthers)
"A dream, a dream—it is all a dream!
But a beautiful dream good sooth;
For old as I am and to others I seem
My heart is full of youth."

The above lines from Martin Farquhar Tupper's "Song of Seventy" were written at a time when if a person had reached the "three score and ten" he had reached the old age period and was admonished to retire from active life and even if his mental faculties were yet in their prime the "dead line" must be observed. Since the average age of human life has been increased the period of old age has been lengthened and there are now fewer old people at seventy than at any other period. This may be owing to habits of life, environment, good health or a naturally happy disposition.

To illustrate—a gentleman, buoyant, straight and active, was walking on the streets of, we will say the city of Xenia, Ohio, when he overtook an apparently aged person who walked with difficulty. They entered into conversation, and when the crossing was reached the first gentleman asked the other across the street, "Thank you," said the latter, "and I hope some one will help you when you are old." "How old are you, my good man," said the assistant. In doubtful tones he answered "I am sixty-four." "Oh," said the assistant, "I am eighty-four," and cheerfully went on his way. Now let X—the sixty-four man and Y—the eighty-four man, in the person of Mr. W. C. Hutchison, who on March 10th reached his eighty-fourth year. Figure on the problem and the answer will be the cause of the difference. Try it. It will not take long.

To celebrate the occasion a few near relatives and close friends were invited to spend the day at their beautiful suburban home. Their many friends who have partaken of their hospitality can realize the pleasure, and although Mrs. Hutchison has been "shut in" the greater part of the winter she entered into the joy in her usual happy manner. The guests did not know it was an anniversary, therefore no gifts were displayed. Covers were laid for ten, including the host and hostess. The table decorations were jonquils and daffodils.

Mr. Hutchison—called "Sunny" in his childhood, boyhood, and even in the present day—began selling goods as a dry goods clerk in 1850, and after a time was in Memphis, Tenn. for ten years, leaving at the beginning of the Civil War, and next month will round out fifty-six years in Xenia. Have you dear citizens solved the example? E. H. C. has surely.

EAST END NEWS

Mrs. Laura Wheatley, who was stricken with paralysis Sunday at her home while getting dinner, is reported as being much better. She has regained consciousness and her speech also.

Unity Court No. 21, O. O. C. will speak at this, Tuesday, evening, at 7 o'clock, at the residence of Mrs. M. D. Hilliard.

Missie Hawkins, W. C. and B. Shields, R. of D. Mrs. Maria Stevens, of East Second street, gave an excellent six o'clock dinner party the other evening in honor of her niece and husband, Mr. and Mrs. Harry Skatton, who stopped over here enroute to Chicago, on their wedding tour.

Mr. J. C. Johnson received an interesting letter from his friend, J. Leroy Everett, recently. He is now stationed in Mouilly, France, and is 1st Sgt. of one of the companies of the Pioneer Regiment.

Miss Mollie Corbin is confined to her home with a heavy cold. Mrs. Wm. Middleton lost a black brocade hand bag with a silver design thereon, last Friday. It had a silver top and inside of it was a green kid pocketbook containing 50 cents. Finder please return bag and pocketbook to Mrs. Middleton.

St. John's A. M. E. prayer meeting at the church Wednesday night from 7:30 to 8:30. The attendance was too large for private houses and it is necessary to return to the church. Everybody is invited to attend.

Mrs. Austin's delicious Buckwheat cakes, good, honest, three pound package—two, five cents.

To Reduce Your Weight
Quickly and Easily

If you are too fat, or if your figure has become flabby and you are carrying around a burden of annoying, unhealthy flesh, the cause is, ten chances to one, lack of oxygen carrying power of the blood and faulty assimilation of the food. Too little of the food is being made into good hard tissue and muscle and too much into little globules of fat. Every man and woman reader of this paper who is too fat, whose flesh is soft and flabby should try the new preparation, Phynola, a simple, but remarkably efficient formula put up for convenient home use. Go to Sayre & Hemphill today and get a box of these wonderful Phynola tablets; take one after each meal and one at bed time. They are pleasant to take, entirely safe and give splendid results quickly and easily. No dieting, strenuous exercising, drastic massaging or enemas. Just a simple Phynola tablet four times a day and in a short time your weight is reduced on all parts of the body to what it should be.

LABOR OF BOOZE RUNNERS GOES FOR NAUGHT

Evansville, Ind., police officials destroying confiscated liquor. In liquor from Henderson, Ky., which is very wet. The photo indicates the war has been fairly successful—for the law. The picture shows officials destroying a wagon-load of liquor confiscated recently following the arrest of runners.

REBEKAH LODGE
MEMBERS ENTERTAIN
AT I. O. O. F. HALL

Members of the Rebekah lodge entertained delightfully at the I. O. O. F. Hall Monday night in honor of Miss Cora Soward, one of their associates, who will soon become the bride of Sergeant Lawrence Swabb of Camp Sherman.

The affair was arranged as a show-for Miss Soward, and in connection a pleasing program was rendered by the lodge members, with Mrs. Howard Norris presiding. The entire company participated in a "wedding march" at the opening, with Miss Doris Meahl at the piano playing Lohengrin's beautiful melody, "America" was then sung in chorus. Little Miss Martha Wilson rendered Riley's "That Old Sweetheart of Mine," very prettily, and the catchy and tuneful song, "Beautiful Ohio," was sung by Misses Dorothy Clark and Helen Hurley.

Mrs. Fred Snider pleased the audience very much with a reading, "Yankee in Love." Miss Della Soward sang "The Long, Long Trail," which was followed by a piano solo by Miss Doris Meahl. Dr. Heilman who has a very pleasing voice sang, "Open the Gates of the Temple," and while his solo was intended to close the program, the chairman sprang a surprise when she announced that D. E. Crow would next render a recitation, "Mary Had Little Lamb." Although taken by surprise Mr. Crow walked from his place in the rear of the audience, to the platform, where he bowed his six feet of adroitness, and solemnly recited the nursery jingle, to the great amusement of the assemblage. He then thanked the members of the lodge in the name of the I. O. O. F. for the fine entertainment that had been rendered.

After the program, the guest of honor was seated beneath a white umbrella, which was decked with roses. She was then presented the parcels, which she unwrapped and admired their contents. There were seventy guests, and Miss Soward received an array of very nice gifts. Later ice cream and cake were served.

His Habits Stuck With Him. Mr. Bacon—"How did you like my speech at the dinner last night?" Mrs. Bacon—"It reminded me of the time you courted me, dear." Mr. Bacon—"How so?" Mrs. Bacon—"Why, I thought you never would come to the point."

CIVIL WAR VETERAN

Tells Aged People How To Get More Strength Here is another link in the chain of evidence to prove that our famous cod liver and iron tonic Vinol creates strength for feeble old people.

Mr. Nelson H. Pease, of the National Soldiers Home, Tennessee, says: "I am 74 years of age and was in a weak, debilitated condition, poor appetite and did not sleep well. Vinol gave me a good appetite, I sleep well, and it has built me up so I feel stronger and better in every way. I strongly recommend Vinol for such conditions as I believe it prolongs life for old people." Sayre & Hemphill, and druggists everywhere.

P. S.—Stop scratching, our Saxol Salve stops itching. We guarantee it.

SISTER OF A. S. FRAZER IS DEAD

Mrs. Margaret Frazer Jackson, widow of the Rev. H. Parks Jackson, died at 5 o'clock Monday afternoon at her home on Miller Avenue, Cedarville, of acute bronchitis and complications. She had been in failing health two or three years, and was bedfast for three weeks prior to her death.

Mrs. Jackson was born in Decatur, Brown county, Ohio, April 23, 1840, and was in the seventy-ninth year of her age when she died. Her husband who was a retired minister of the United Presbyterian church, died May 17, 1918, at their home in Cedarville, where they had been living since he retired from active ministerial work several years ago.

Mrs. Jackson is survived by a son, Stewart Jackson of Columbus, two daughters, Mrs. Mabel Whiteman of Bloomfield, N. J., and Miss Bertha, at home, two brothers, A. S. Frazer of this city; William Frazer of Springfield, and one sister, Mrs. Lee Nash of near Cedarville.

Funeral services will be held Wednesday at 2 o'clock at the home, and interment will be in Massies creek cemetery.

COURT NEWS

Charges that his wife neglected their home and child, and sought employment as a telephone operator against his protests, when he was made by Wilber Ross, well known Bowersville man, in his petition for divorce from Mary Elva Ross, which was filed Monday afternoon.

The plaintiff avers that shortly after returning home from a visit with her mother in Florida, in April 1917, his wife obtained employment as night telephone operator at the Bowersville exchange. That thereupon she neglected him and their child, allowed the boy to roam the streets, get his meals with neighbors, or with his father at some public place. She neglected her household, he says, and allowed beds to go unmade for a week at a time. She became infuriated, he alleges, when he protested with her regarding her behavior. He asks for divorce and custody of the child. They were married December 23, 1909. W. S. Howard, attorney.

Alleging absence and gross neglect of duty, Joseph Schmidt has sued Theresa Schmidt for divorce. They were married May 13, 1892. He avers that she refused to cook his meals or to do anything for him, and as a "climax of his married life," neglected him from his home, and refused to permit him to return.

NO CAUSE FOR ALARM Springfield, Ill., Mar. 11—There is no cause for alarm and no grounds for fear that "sleeping sickness" will prove an epidemic, according to Dr. C. St. Clair Drake, state commissioner of health today. Drake said he was surprised to hear of the 18 deaths and 27 cases of "lethargic encephalitis" in Illinois.

What Suez Canal Does. Although the Suez canal is only 99 miles long, it reduces the distance from England to India by sea nearly 4,000 miles.

MRS. T. O. MASON
SELLS PROPERTY
TO H. B. HOLE

Mrs. T. O. Mason has contracted for the sale of her property on South Detroit street, consisting of a large brick livery barn, to H. B. Hole, poultry produce man, whose business is now located in the Bradstreet building at the foot of Church street.

The Hole produce business will be moved to the new location immediately, and C. E. Bradstreet will take possession of his West Church street property which he will remodel for the purpose of opening a produce business of his own.

Upon contracting for the sale of her South Detroit street property, Mrs. Mason made a contract for the purchase of the George Grottenbach house at Market and Whiteman street, which is now occupied as a home by C. C. Evans and family. Mrs. Mason intends to occupy an apartment in this house, but has not decided entirely upon her plans in connection with it.

The Hole Produce Company will remodel the Mason building as soon as possible. It is planned to succed the structure, install new windows, convert the basement into an up to date storage compartment, and to make the entire building sanitary and convenient for its new uses. R. F. Croker, local manager for the company, will take the living apartment on the second floor for his family. This will also be improved, later.

TWENTY YEARS AGO

City Council granted a franchise last night to the Dayton & Eastern Traction Co., to lay tracks for an electric railway through this city. The franchise was for 25 years and not less than 5 trips daily each way. The company will come in over Galloway and Main streets.

There is some talk that arrangements are being made for enlarging the Ohio Cordage plant the coming season and putting in machinery that will greatly increase its capacity.

Major Geo. A. Barnes found an item clipped from the Cincinnati Enquirer of July 6, 1897, of local interest the other day. The item read: "The town council of Cedarville, a station on the Little Miami railroad above Xenia, having passed a troublesome ordinance, requiring all railroad trains to go through town at a walking pace, the railroad company retaliates by ordering all trains to go through without stopping at all."

WILL WRITE BOOK. Columbus, March 11.—Lieutenant John K. Raney of Crooksville, Ohio, former Ohio State University student, has written university friends that the war department has designated him to write a book on the battle of Chantillon-sur-Seine, in which he participated. Raney served as an aerial observer.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. Sayre & Hemphill.

BOHEMIANS DON'T
LIKE THE GERMANS

Prague, Czecho-Slovakia, March 11.—Germans unfortunate enough to have interests that keep them inside the Czecho-Slovak area are in a difficult position. The ill feeling of the Bohemian population for the Germans is strong and manifested openly, though there has been no abuse, except when deliberately provoked by Germans.

Until the present revolution, Germans favored by the Hapsburg government, have had special favor shown them, and have become rich by reason of their privilege. This led to a hatred on the part of the Slav elements. When the revolution destroyed German domination, a large number of Germans hastily left Prague and other cities. Others stayed, and under influence of agitators from the outside tried to provoke trouble with the view of ultimate reaction against the revolution. They were squelched, and the agitation has ceased except along the borders.

The remaining Germans are looked upon with suspicion, though they are not molested.

Along the border the problem is more difficult than in the center of the country and around Prague. Here the population is more mixed and in many cases has a large percentage of Germans, who have come in as industrialists. The Germans object to the Czecho-Slovaks having sovereignty over the region, just as the Czechs looked unfavorably upon German domination before.

In German Bohemia, as the border region is called, the Czechs are in control. They offer the Germans equal rights, which the latter are dissatisfied with. Long standing ill feeling makes the problem a difficult one.

POOR HOUSE INMATES
ACQUIRE RICHES

Brookfield, Mass., March 11.—A regular Rockefeller town! A special meeting here of town officials has asked the overseer of the poor house to sell it.

The inmates all got rich and moved.

Use for Broken Glass. There is a use even for broken glass. Some of it is ground into fine powderlike particles and used for various purposes. Some is melted and made into new glass objects.

STOMACH GOOD AS
NEW. FOUR DOCTORS
GAVE HER UP

Mrs. Hendricks, Bedfast Five Months, Was Able to Work in Two Weeks.

"I was sick last winter for five months with stomach and bowel trouble. Could not turn myself in bed without help. I was under the care of four doctors, and they gave me up. Then Mr. Mills, the druggist persuaded my husband to try a bottle of Milks Emulsion. I had only taken it two days until I was sitting up in bed, and in two weeks I was doing my own work. When I began taking it, I weighed only 70 pounds; now I weigh 160 pounds."—Mrs. Mary Hendricks, 900 Litchfield Road, Owensboro, Ky.

Thousands of people who have suffered for years from stomach and bowel troubles, have found relief, as Mrs. Hendricks did, almost from the first dose of Milks Emulsion. And it isn't merely temporary relief, but real, lasting benefit.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind., Sole and guaranteed by Sayre & Hemphill.

IMPOVERISHED
MEN AND WOMEN

Quickly Regain Health, Strength Energy, and Ability by Taking 3-Grain Cadomene Tablets The Very Best Tonic. Sold by All Druggists. Adv.

Come, Let Mother See!

When the child droops, won't play or is restless, pale and grumpy, look to see if the tongue is white, the breath feverish, the stomach sour. Then hurry, mother, but don't worry! Give Cascarets, the harmless candy cathartic. Children take Cascarets without coaxing—only 10 cents a box!

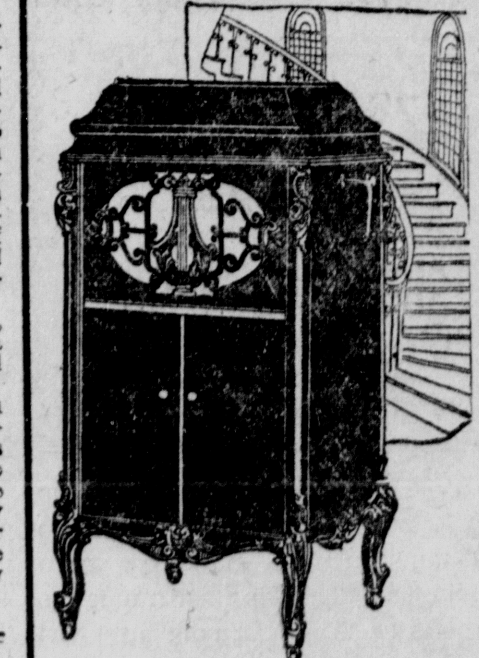

TO MOTHERS! Nothing else "works" the nasty bile, the sour fermentations and constipation poison so gently but so thoroughly from the little stomach, liver and bowels like harmless Cascarets. While children usually fight against laxatives and cathartics, they gladly eat a candy Cascaret. Cascarets never gripe the bowels, never sicken, never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for dose for children aged one year old and upwards.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition 10c and 25c per box. All druggists.

DRINK HOT TEA
FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND
LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
